## **Forest Stewardship Program**

The Massachusetts Department of Conservation and Recreation's (DCR) **Forest Stewardship Program (FSP)** supports you in your desire to practice long-term guardianship of your woodlands. The primary objective of the **FSP** is to reduce the likelihood of development of forest properties by encouraging active forest management. Working on a ten-year management plan with a **Massachusetts Licensed Forester** offers an excellent opportunity to learn more about your woodland. To learn more visit <https://www.mass.gov/service-details/forest-stewardship-program>

[Caring for your Woods - A Starting Point](#)

[Caring for your Woods - Working with Nature](#)

[Caring for your Woods - A Valuable Resource](#)

[Caring for your Woods - Setting Goals](#)

[Caring for your Woods - Adapting to Changing Conditions](#)

[Caring for your Woods - Managing for Forest Carbon](#)

### **Who is eligible?**

- Landowners owning woodlands of 10 acres or more (7 of which must be wooded with remaining acres being classified as “eligible”), that are not currently enrolled in Forest Stewardship or Chapter 61, 61A or 61B programs.
- Landowners currently enrolled in Chapter 61A or 61B that do not have a forest management/stewardship plan are eligible to receive cost-share reimbursement. Eligible private landowners include individuals, trusts, land trusts, clubs, LLC's, associations, and corporate entities.
- Municipally owned forestland parcels are also eligible. Leaseholders are eligible as well.

**Forest Stewardship Cost-Share Reimbursement is only for new Stewardship Plans\***. Re-certifications and amendments to existing plans are not eligible to receive reimbursement. The cost-share application must be approved by DCR before work on the plan begins.

*\*Exceptions to this rule: In the case of a new landowner who inherits a plan from the previous owner, OR a property with a state held CR or WPR.*

## **Foresters for the Birds—A Woodland Owner Program Focused on Supporting Songbird Habitat**

This program supports landowners with woods who would like to learn more about the bird habitat on their land and how to enhance it in conjunction with other forest management goals. A **Massachusetts Licensed Forester** certified in conducting Bird Habitat Assessments will assess your woods for existing and potential bird habitat. The Bird Habitat Assessment will be integrated into your efforts towards other goals such as improving forest health, generating income, or enhancing recreational trails. These recommendations will then be incorporated into your Forest Stewardship Plan. [Foresters for the Birds \(arcgis.com\)](http://arcgis.com)

List of Consulting Foresters certified in conducting Bird Habitat Assessment:

[MA Trained Forester List March 20.xlsx \(mass.gov\)](#)

### **Who is eligible?**

- Landowners & Municipalities with 10 or more wooded acres that are currently enrolled in the Current Use / Forest Stewardship Program or apply for a new Forest Stewardship Plan at the same time.

## **Climate Forestry Program—Responding to Climate Change**

Whether you spend time outside in your woods, or just enjoy the beauty of your trees and wildlife from your window, you likely love your woods and want to keep them healthy. Forests are always changing and adapting to new conditions. Some changes are as anticipated as the progression of green summer leaves to the bright red and gold of fall foliage, or annual return of brightly colored migratory songbirds. Other changes in our woodlands are only visible when comparing differences across many years or decades.

Do you wonder about the changing conditions in your woods? Many people are asking more questions about how a changing climate is impacting forests and what actions can be taken to ensure forests stay healthy no matter what the future holds. The Climate Forestry Program will integrate your climate adaptation efforts towards other goals such as improving forest health, generating income, or enhancing recreational trails. These recommendations will then be incorporated into your Forest Stewardship Plan.

### **Who is eligible?**

- Landowners & Municipalities with 10 or more wooded acres that are currently enrolled in the Current Use / Forest Stewardship Program or apply for a new Forest Stewardship Plan at the same time.

*These programs, funded by the Commonwealth of Massachusetts, are open to all eligible applicants without regard to race, color, religion, national origin, ancestry, sex, age, handicap (disability), sexual orientation, gender identity, retaliation, marital or family status.*

# Working Forest Initiative Cost-Share Rates

Application for Working Forest Initiative Cost-Share  
MUST BE APPROVED PRIOR TO SUBMITTING COMPLETED PLAN TO DCR

<u>Cost-Share Reimbursement Rates for NEW Stewardship Plans</u>			
10 to 36 acres	\$910		
37 to 499 acres	\$910 + \$13.00/acre over 36 acres		
Over 500 acres	based on a written estimate by MA Licensed Forester & approved by DCR		
	\$9,577 maximum reimbursement for applicants over 500 acres		
	\$14,651 maximum reimbursement for applicants over 1,000 acres		
<b>FORESTERS FOR THE BIRDS PROGRAM</b>			
<u>Bird ONLY Assessment Cost-Share Reimbursement Rates</u>			
NEW Forest Stewardship Plan with Bird Assessment:			
10 to 20 acres	\$300		
21 to 50 acres	\$400		
Greater than 51 acres	\$500		
<u>Reimbursement Rates for EXISTING Forest Stew Plan with Bird Assessment</u>			
EXISTING Forest Stewardship Plan with Bird Assessment:			
10 to 20 acres	\$600		
21 to 50 acres	\$800		
Greater than 51 acres	\$1,000		
<u>Reimbursement Rates for EXISTING CH 61/61A/61B with Bird Assessment</u>			
EXISTING CH 61/61A/61B with Bird Assessment:			
10 to 20 acres	\$900		
21 to 50 acres	\$1,100		
Greater than 51 acres	\$1,300		
<b>CLIMATE FORESTRY PROGRAM</b>			
<u>Climate ONLY Cost-Share Reimbursement</u>			
NEW Forest Stewardship Plan with Climate:			
10 to 20 acres	\$500		
21 to 50 acres	\$600		
Greater than 51 acres	\$700		
<u>Climate ONLY Cost-Share Reimbursement</u>			
EXISTING Forest Stewardship Plan with Climate:			
10 to 20 acres	\$600		
21 to 50 acres	\$800		
Greater than 51 acres	\$1,000		
<u>Climate ONLY Cost-Share Reimbursement</u>			
EXISTING CH 61/61A/61B with Climate:			
10 to 20 acres	\$900		
21 to 50 acres	\$1,100		
Greater than 51 acres	\$1,300		
<b>CLIMATE AND BIRD PROGRAMS</b>			
<u>CLIMATE and BIRD Reimbursement</u>			
NEW Forest Stewardship Plan with BIRD & CLIMATE:			
10 to 20 acres	\$800		
21 to 50 acres	\$1,000		
Greater than 51 acres	\$1,200		
<u>CLIMATE and BIRD Reimbursement</u>			
EXISTING Forest Stewardship Plan with BIRD & CLIMATE:			
10 to 20 acres	\$1,200		
21 to 50 acres	\$1,600		
Greater than 51 acres	\$2,000		
<u>CLIMATE and BIRD Reimbursement</u>			
EXISTING CH 61/61A/61B with BIRD & CLIMATE:			
10 to 20 acres	\$1,800		
21 to 50 acres	\$2,200		
Greater than 51 acres	\$2,600		

When applicable—cost-share reimbursement rates for Foresters for the Birds or Climate Forestry or combining Climate Forestry and Foresters for the Birds are “in addition to” NEW cost-share reimbursement rates.

For example, a landowner with a 100-acre property that is not currently enrolled in Forest Stewardship or Chapter 61, 61A or 61B programs and is wanting a NEW plan with Climate and Birds would be eligible to receive:

\$910 +\$13/acre over 36 acres = \$1,742 plus \$1,200 (Climate & Birds) for a total of \$2,942
